

Be of Courage.

BY MRS. SUSAN JEWETT.

Weep not for what is past. With vain and fruitless tears, But husband well thy strength, To serve thy coming years.

Weep not for what is past, Though every passing day, Some pathway should disclose Where thou hast gone astray,— Tears will but dim thy eyesight, They set no wandering footsteps right.

Weep not for what is past, Though in the dark domain, The forms thou loved'st are bound By adamantine chain. The lost to earth—to life are born— Rejoice to hail their natal morn.

What doth the grave enfold, That there thy thoughts should turn? Colder the clay beneath Than monumental urn, Be strong—thy soul should never be Thus fettered to mortality.

The past—that narrow span— What should it be to thee? The longest earthly life Is but man's infancy, The spirit should all chains despise, Thy future hath no boundaries.

Then weep not for the past, No tears of blood can bring, One wasted moment back, Or stay time's onward wing. Pour not thy soul's best life away— Begin anew to live to-day

Jonathan's visit to a Printing Office.

Did you ever go down to the printers, And see all them "devils" at work? I declare it beats all to printers Mother's fuss when we kill our pork.

Them fellers, they stand right up straight, And pick up little pieces of leather, Stock in little cubby holes, thicker 'n' bats Than seeds in our big parsnip bed.

Then they keep such a ducking and bobbing, And winging, like Paddy's old drake When he's gobbling up corn, or a robin That stands on one leg on a stake.

Then they've got too, a cast-iron press, It beats father's for cider and cheese; 'Tis tarination hard work I should guess, And it gives a confounded tight squeeze.

There's a thundering great roller, I swear, They keep pushing, the Lord knows for what, And the papers would cover our mow, Such a whopping big heap they have got.

I'd notion, I vum, 'twas such tarnal Hard work to print papers and books; But I mean to subscribe for the "Journal" And go home and tell all the folks.

WELL SAID.—We find the following touching allusion to the drunkard's wife in a well written article on Winter, in a late Bangor Whig:

"But there is one on whose sinking heart the thoughts of dreary winter bear with more than ocean surge—the drunkard's wife! Alas! the beauties of summer have lost the power to change back into life her broken and wasted energies. The deep fountain of her heart have long since swept away, and burned in one common grave, all the bright anticipations of bliss that shone on her early life. With what deep and dark forebodings does the gathering pall of winter envelope her desponding soul.— What is there of earthly good that she can call her own? Of what avail to her is the sympathy of friends! It is but the twinkling light of far distant stars that shine, it is true, but their brightness cannot warm into life a soul bereft of its long cherished and life giving sun. To her the luminary of her early days has set, and a darkness that, in sad reality, may be felt, is the portion of her cup."

CHAPPORAL.—The word Chapporal occurs in the news from Texas which we publish this morning. As that is rather a new word with our readers, and as it may occur again, and is important as illustrating the "seat of war," we think it proper to say that a Chapporal is a term applied to a species of evergreen thicket, composed of the musquit bush matted with vines. It generally grows about six or seven feet high. The whole country between Nueces River and the Rio Grande, is more or less covered by this chapporal, interspersed with salt lakes. There is very little fresh water or grass to be had in any portion of the whole intermediate distance, averaging one hundred and fifty miles wide. [Philad. U. S. Gazette.

Some of the Locofocos think that, if there is to be a war with Mexico, the Whigs ought to do all the fighting.— They seem to argue thus: "We stole Texas, and the Whigs should do whatever is necessary to keep the plunder." [Louisville Journal.

TO PRINTERS.

TYPE FOUNDRY AND PRINTER'S FURNISHING WAREHOUSE.—The subscribers have opened a new Type Foundry in the City of New York, where they are ready to supply orders of any extent, for any kind of Job and Fancy Type, Ink, Paper, Cases, Gallies, Brass Rule, Steel Column Rule, Composing Sticks, Chases, and every article necessary for a Printing office. The Type, which are cast in new moulds, from an entirely new set of materials, with deep counters, are warranted to be unsurpassed by any, and will be sold at prices to suit the times. All the Type furnished by us is "hand cast."

Printing Presses furnished, and also steam engines of the most approved patterns. N. B.—A Machinist is constantly in attendance to repair Presses and do light work. Composition Rollers cast for Printers.

Editors of newspapers who will buy three times as much the above six months amount to, may give the above six months insertion in their papers, and send their papers containing it to the subscribers. COCKROFT & OVEREND, 16m 68 Ann-street

LAND, HO!

THE following described tracts or parcels of land are offered for sale, at rates to suit the purchaser; or they will be leased for a term of years, not exceeding seven—to suit the lessee.

Table with columns for sub-division, S, T, R. Lists land parcels in Attala County and Lake County.

The above lands were purchased by me at Tax Sale. The time for redemption has run out, and I will give good bargains to those who want to purchase, making such titles as are vested in me by virtue of said Tax Sales. G. W. HARLOW, Kosciusko January, 1846

LAND FOR SALE.

THE following described tracts or parcels of land, lying in the county of Attala, are offered for sale, on accommodating terms. Titles good. For particulars, enquire of the subscriber, who is authorized to sell. S. T. R. north-west qr. of a w. qr. 28 13 6 north-east quarter 31 13 7 south-west quarter 15 16 9 north-east quarter 21 16 9 north-west quarter 22 16 9 south half & north-east qr. 23 16 9 G. W. HARLOW, Agent, Kosciusko, January, 1846

PROSPECTUS

For publishing in the town of Kosciusko, Attala county, Mo., a weekly newspaper, to be entitled the

KOSCIUSKO CHRONICLE.

The United States of America is a great country—the State of Mississippi a great State—the county of Attala a great county—and the Town of Kosciusko, no doubt, would be a great Town, was it not for the simple facts that the seat of government has not yet been removed to said town—that Big Black has not yet been cleared out, so that steam-boats can navigate it up to a point opposite said town—that the Jackson Railroad has not yet been extended on, through Canton, to said town—and more particularly, that at this time there is no newspaper published in said town, through which these projects can be laid before this great people. Now, it is a well established fact, beyond the point of contradiction, that we are a great people who live in this great country—State—county—and that we expect great works to be accomplished some time or other, by somebody or other, or somebody else, and that Kosciusko would be a great place if these great improvements were but just completed, thereby bringing it, as it were, within a stone's throw of the East Indies, Australia, China, Siberia, Greenland, Kamtschatka and the North Pole.

Therefore, be it known to all men, women, children and grasshoppers, that the subscriber, in order to facilitate these great undertakings, and prevent their being nipped in the bud, and more particularly to turn an honest penny for himself, proposes to commence the publication of a little newspaper in said town, on Saturday, the third day of January, Anno Domini one thousand eight hundred and forty six, to be styled the Kosciusko Chronicle, and to continue to publish said paper weekly, until these great objects shall be accomplished, should the Lord be pleased to spare his life so long, and he be willing to continue in the business that long; and if not him, then to have it done by somebody else after him. The subscriber being a strong believer in the doctrines promulgated by the immaculate Harry of the West and the Godlike Daniel of the East, it might be surmised by the knowing ones that the paper will be wiggishly inclined; but be this as it may, he will not at this time contradict it.

TERMS.—Two Dollars per annum in advance. G. W. HARLOW Kosciusko, Dec. 30, 1845

POPULATION AND TAXES.

White Population and State Taxes in each county of the State, in 1845.

Table with columns for Counties, Taxes, and Pop. Lists population and taxes for various counties in 1845.

DR. TYLER'S

VEGETABLE FEVER AND AGUE PILLS.

THE GREAT REMEDY.

A certain, safe and effectual cure for Ague and Fever, in all its varied forms. Also, an excellent Tonic in Dyspepsia, Palpitation of the Heart, Loss of Appetite, Neuralgia, Nervous and other diseases which arise from a weak and debilitated condition of the system.

The success of these pills in curing in a few hours, where all other remedies have failed, and that too, in cases of twelve and eighteen months' standing, warrants the assertion that, if taken according to the directions, they are a certain cure. A long list of certificates in proof of their infallibility might be added, but those upon the directions are deemed sufficient. Try them and be convinced that they are the most effectual and most certain, and the very best remedy ever offered to the public, to insure a permanent and lasting cure.

BALTIMORE, Dec. 12, 1845.

Having for several years past suffered under repeated attacks of chills and fever, especially during the fall and spring months, I was induced to try various remedies, but nothing seemed to be effectual, until I tried Dr. Tyler's ague and fever pills, which stopped the chills before I had taken half the box. This was over a year since, and I have remained perfectly free from any symptoms of a return to this most loathsome disease.

GEO. M. WAIT.

BALTIMORE, Dec. 15, 1845.

Dr. G. K. Tyler.—Dear sir: It is with great pleasure that I announce to you a perfect restoration of my health by the use of your invaluable pills. I had been suffering from Chills and Fever for eighteen or twenty months, during which time I took five bottles of Rowland's Tonic Mixture, Dr. Sherman's Fever and Ague Lozenges, Dr. Love's Vegetable Elizer, Keener's Powders, Bark, Quinine, Thompsonian Medicines, Arsenic, Herbs, and in fact almost all the popular remedies I could hear of; and yet received no lasting benefit. The chills were stopped by Quinine and other things, but after a few days or weeks they would return again as bad or worse than before. Towards the last, the chills came only every third day, and these were followed by fever of such severity as to affect my reason, and it was found necessary for some one to watch with me until the paroxysm passed off. At last I procured a box of your pills, and only took four of them; this so completely stopped the chills, that I have never had a return of them up to this time, (nearly two years,) and near a year of this time was passed in the same place where I first caught the disease.

That my case is not one cured by chance, is proven from the fact that four pills out of the same box cured Capt. Reuben Banks, so effectually that he has never had the disease since, whereas before he often suffered from it. Two other persons were also cured by the contents of this same box, and they neither of them have had a return of it, although they both reside where they are exposed every season.

I know several others who have been cured by your pills, but it is unnecessary to detail their cases. The best certificate of their efficiency in Chills and Fever, will be a few doses, and if they are as beneficial to others as they have been to me, they may be truly called a public blessing.

I am with much respect, your obedient servant, HENRY BRISCOE, For sale by

CHRONICLE OFFICE, Kosciusko, CLARK & MADORY, do. JOHN M. THOMPSON, do. M. R. IRVING, French Camp. And on enquiry, may be found in all the towns and villages in the State. May 14, 1846. 10:6m.

SHERMAN'S COUGH LOZENGES

ARE the safest, most sure and effectual remedy for Coughs, Colds, Consumption, Whooping Cough, Asthma, Tightness of the Lungs or Chest, &c., &c. The proprietor has never known an instance where they did not give perfect satisfaction. Several thousand boxes have been sold within the last year, restoring to health persons in almost every stage of consumption, and those laboring under the most distressing colds and coughs. They do not check and dry up the cough, but render it easy, promote expectation, allay the tickling or irritation, and remove the proximate or exciting cause. They are made from a combination of the most valuable expectorant, or cough medicines, and are undoubtedly superior to everything in use for those complaints. Hundreds upon hundreds of certificates have been offered of their wonderful virtues, from those who have been saved from an untimely grave, and restored to perfect health, by using them.

SHERMAN'S WORM LOZENGES.

PROVED in more than 400,000 cases to be infallible; the only certain worm-destrorying medicine ever discovered. Many diseases arise from worms, and occasion long and intense suffering and even death, without their ever being suspected; grown persons are very often afflicted with them and are doctored for various complaints, without any benefit; when one dose of these Lozenges would speedily cure them.

Administrator's Notice.

LETTERS of Administration having been granted to the undersigned, at the March Term, A. D. 1846, of the Probate Court of Attala County, Miss., on the Estate of Ralph Blackman, deceased, late of said county, therefore

All persons indebted to said Estate are requested to make immediate payment, and those holding claims against the same are hereby notified to present them, duly authenticated, within the time prescribed by law, or they will be forever barred. JOHN H. CHESNUTT, Administrator of Ralph Blackman, dec'd. March 7, 1846 10:6m

DR. GORDON'S

VEGETABLE ANTI-BILIOUS FAMILY PILLS.

For the cure of Bilious Fever, Yellow Fever, Remittent and Intermittent Fevers, Inflammatory, Nervous and Putrid Fevers, Pain in the Head, Side, Back and Stomach, Inflammation of the Brain, Stomach, Lungs, Liver, Kidneys, Throat and Chest, Dropsy, Scrofula, Syphilis, Sick Headache, Rheumatism, Cholera, Dyspepsia, Hysteria, Low Spirits, &c.

DR. GORDON'S PILLS are truly the sick man's friend. No Traveler or Family should be without them. Their timely administration will prevent much pain and suffering, and save many valuable lives.

These Pills were compounded by Dr. Gordon after years of study and careful observation upon the nature of the different medicines, and the effect which they produce upon different constitutions in various forms of disease. They have been extensively used by some of our most eminent Physicians, and by many private families for several years; and such has been the satisfaction which they have given, that it is firmly believed that the vegetable kingdom does not furnish any materials for a purgative medicine, which surpasses for general use, those of which these pills are composed. They do not contain Calomel, Mercury or any mineral preparation; but are composed entirely of concentrated vegetable extracts, carefully prepared and so combined as to be Certain, Safe, and Easy in their operation—should it be otherwise, the stomach and bowels contain foul and acrid bilious matter—showing great necessity for purgative medicine.

These Pills do not require particular attention to diet or drink; and may be taken at all times when most convenient without the fear of increased liability to take cold. It is asserted by many that Fevers, and in fact all diseases, are caused by an impure state of the Blood. The impurities which usually pass off by the bowels and various other outlets, being retained in the blood, renders it unfit for the nourishment and support of the different parts of the body. This produces disease—and that part of the system which is weakest is most easily affected.

The Bowels being the principal channel through which a great portion of the impurities of the system are discharged, it is evident that whatever acts beneficially on them must be conducive to health. And as the Bowels are the most effectual, and in fact, almost the only way by which a general impression can be made upon the system, it is perfectly reasonable to suppose, that nearly all diseases will be cured, or at least, much benefited by a judicious use of purgative medicines. If a physician is called to a patient, what is the first thing done? He prescribes a dose or two of purgative medicines; and then, after a day or two, if the patient is no better, he gives him another dose of purgative medicine, and so on; doing some other little things—but the main reliance for a cure is upon the effect produced by purgative medicines.—Therefore if you are sick, delay not, but take a few doses of Dr. Gordon's Vegetable Family Pills, and be again restored to health.

PETERS PILLS.

IF there was ever a medicine that merited the public praise for the good it has done in relieving the sick and the distressed, it certainly must be Peters' Vegetable Pills: it would take a volume to contain all the complimentary evidence in their favor. Those who have once tried these pills know how to appreciate their good qualities. To those who know nothing of their excellence as a medicine the proprietor would submit the following letters and certificates:—

TESTIMONIAL OF CURES. Had there been but space sufficient, the proprietor might insert hundreds of letters under this head, but as it is, he can only find room for a few of the shortest.

ALBANY, N. Y., Jan. 1, 1838.

Sir—I take much pleasure in bearing testimony to the efficacy of your pills in removing bile from the stomach, and in all complaints emanating from that source. Yours, respectfully, GEO. HULL, M. D.

Dear Sir—I have made a frequent use of your pills in the incipient stage of Bilious Fevers and obstinate constipation of the bowels, also in the enlargement of the Spleen, Chronic Diseases of the Liver, Headache, General Debility, and in all cases have found them to be very effective.

J. D. BOYD, M. D.

MECKLENBERG Co., Va., Feb. 7, 1837. Having used Dr. Peters' Pills in my practice for the last twelve months, I take pleasure in giving my testimony of their good effects in cases of Dyspepsia, Sick Headache, Bilious Fevers, and other diseases, produced by inactivity of the liver. They are a peculiarly mild, yet efficient purgative medicine, and produce little, if any, griping or nausea. I have prescribed them with much success in sick headaches and slight bilious fevers.

Extract of a letter by Dr. Joseph Williams, of Burlington, Vt., July 10, 1837.

"I cordially recommend Peters' Pills as a mildy effective and in no case dangerous family medicine. They are peculiarly influential in costiveness and all the usual diseases of the digestive organs."
